DAMAGING TO COTELL

The Three Stone Girls Testify at the Trial.

WAS RECOGNIZED BY FLORA.

The Prisoner Pointed Out as the Man Who Was in the House the Night of the Murder—Accidents on a Railroad—Ex-Senator Ohl Acquitted—Other Ohio State News.

AKRON, O., June 26.—The star witnesses yesterday in the Cotell murder case were the three Stone girls. Emma Stone first took the stand. In a firm, clear tone she told the story of that awful night, when her home was turned into a charnel-house and she was orphaned. "I retired at 9 o'clock that Saturday night," she said. "My father and mother and other members of the family had gone to bed somewhat earlier. I had a very bad dream and was much startled; I heard my sister Hattie call 'Emma' three times. That is all I knew until my aunt was sitting by my side."

"How many times were you struck?" "Only once, that I remember." Hattie Stone was next called. She told of being aroused on the fatal night. She opened her door and was struck on the head. She slept with Flora. She locked the door, and she and Flora prayed God for help. Then she fled down a ladder and ran half a mile through rain and darkness to get help. Flora was left in the room.

On cross-examination she admitted that she had said at the inquest that she knew nothing to implicate Cotell in the murder. She said that was true, and that even now she knew nothing of her own knowledge to convict him.

Flora Stone, the younger sister of Emma and Hattie, then told the story of the murder and related how the murderer had smashed the door and entered her room after Hattie had gone for help. She was asked if at that time she recognized the voice of the murderer. She replied that she recognized the voice of Cotell. Asked to point out the man, she levelled her finger to Cotell. "That is the man," she said. The prisoner showed no emotion. He smiled slightly and looked straight at her, but not a muscle of his face twitched.

This startling testimony has created a surprise and it now looks as though Cotell would be convicted.

TWO FATAL ACCIDENTS.

A Woman and a Man Killed by Being Struck by Trains.

LIMA, O., June 26.—The Cincinnati, Hamilton and Dayton road had a run of accidents. Barbara Delashmuth and Lydia Bowser, an aged lady, were walking along the track near Cridersville, when the limited approached. The engineer sounded the warning and the former stepped out of the way, but the latter was hit, every bone in her body broken and the top of her head knocked off by being hurled against a post.

Robert Watt, an umbrella mender from New York, fell asleep on the track and was hit by the local and the top of his head crushed.

Ex-Senator Ohl Acquitted.

COLUMBUS, O., June 26.—Ex-Senator Lemuel C. Ohl of Mahoning county was acquitted yesterday evening on the charge of bribery. It was charged in the indictment that in 1894 Mr. Ohl had offered Senator Avery of Cleveland a bribe to hold up in the finance committee of the senate an appropriation bill for the state university. The state tried to show that Professor Chalmers of the state university had borrowed \$500 for the purpose of having the appropriation bill hung up so that the trustees of the university would be forced to retain him.

Judge Henderson Elliott Dead.

DAYTON, O., June 26.—Judge Henderson Elliott died yesterday. The end was peaceful and quiet. A few friends, the family physician and the family were at the bedside at the final moment. He has been lying ill for many weeks at his home on South Main street from the infirmities of old age and was unconscious during the last four days. He has for almost 25 years been judge in Montgomery county and leaves a stainless record.

Upset a Lamp and Caused a Fire.

MIDDLETOWN, O., June 26.—A workman upset a lamp in a storage room of the William Sebald brewery here yesterday which started a costly fire. The fire department worked for over two hours before the flames could be controlled. The loss is not known but will run upon into the thousands. Angie Ure, fireman, fell from a second-story window and was seriously injured.

Unknown Man Hangs Himself.

MILLERSBURG, O., June 26.—An unknown man, aged about 30, went into a store at Killbuck Wednesday night and bought a piece of rope. His body was found hanging in a tree yesterday morning several miles south of the village. Nothing was found on his person to identify the suicide.

BRONCO, Ga., June 26.—Frank McWhorter, 27, and several other parties were blasting rock with dynamite. Frank picked up a stick of the explosive and was in the act of inserting it in a drill hole when a premature explosion occurred. He was thrown some distance in the air and struck the ground several feet from the hole. His body was horribly mangled. He will die.

CORBETT ANSWERS SHARKEY.

He Will Meet Him in a Final Fight in the Near Future.

SAN FRANCISCO, June 26.—James J. Corbett has answered Sharkey's verbal challenge for a fight to a finish, made at the ringside after Wednesday night's contest, by himself announcing his intention to issue a challenge to all comers, Fitzsimmons preferred. If the latter does not accept within two weeks Corbett says he will make arrangements for a fight with Sharkey to take place on agreed territory, preferably in Mexico.

Sharkey is the idol of the sporting world today and the most extravagant predictions as to his future are made. Sharkey bears his honors modestly, but reiterates his desire to meet Corbett in a longer battle. He received a challenge from Maher yesterday for a contest for \$5,000 a side. Sharkey says, however, that he will make no other plans until his meeting with Corbett has been arranged. The only mark of punishment which Sharkey bears is a black eye acquired during a breakaway.

In regard to an agreement with Corbett, Sharkey says: "Of course Corbett would fight differently in a fight to a finish. He would not do any in-fighting, but neither would I. I would be sure when I went to hit. I believe I can put Corbett out in 10 rounds. Anyway, I want him to fight me for \$10,000."

Corbett, in an interview claimed he was not badly punished, saying that his only marks were acquired when he fell on the floor after a clinch. Corbett said, speaking of the fight: "I made a mistake in grappling with Sharkey. If I were to fight another four round go with him, I would not clinch. I would stay away and do only open fighting. It was his wrestling that tired me, and in the fourth round I frankly confess that I was quite exhausted. In throwing my science away and fighting Sharkey at his own game I weakened myself. I should have stayed away and outlined my own work. I would not have put him out, but on the other hand I would not have given him a chance to weaken me, thereby giving the impression that he is a great fighter, when he is ignorant of the rudiments of boxing."

Corbett says he does not believe Fitzsimmons will notice his challenge as he believes Fitzsimmons is afraid to fight him, so Sharkey will be the first man to be served with a fight for championship honors.

LOCKED IN A VAULT.

A Young Lady Rescued From a Perilous Position Unconscious.

BARBOURSVILLE, Ky., June 26.—Yesterday morning just before 9 o'clock Miss Rosa Caudill, daughter of ex-Senator W. J. Caudill, came near dying of suffocation in her father's deposit vault. Caudill is deputy internal revenue collector for this district, and his daughter acts as his clerk.

Caudill left the office to take a train out of the city. He left Miss Caudill and her friend, J. H. Byerly, in the office. For amusement Byerly had the young lady get in the vault and let him close the door. When he did so the combination was unintentionally turned and the vault locked.

It was then train time, the station almost a mile away and Caudill at the depot, with the secret of the combination to the vault. Byerly ran for his life, and happily the train was reached as it was leaving the station. The combination was secured and the vault opened after an expiration of about 15 minutes. The young lady was found to be unconscious. In the care of physicians she is slowly recovering.

SHOT DOWN IN A GRAVEYARD.

A Woman Seeking Revenge For an Imaginary Wrong Meets Her Death.

PADUCAH, Ky., June 26.—Mrs. Lem Johns was killed yesterday afternoon at Kuttawa, Ky., by Marshal McCallum. The tragedy grew out of a feud. Eight months ago McCallum arrested Mrs. Berryman, mother of Mrs. Johns, for resisting him in the discharge of his duty, and she fell dead in jail from heart disease as a result of excitement. McCallum was acquitted on trial for contributing to her death.

Yesterday afternoon Mrs. Johns hied herself to the cemetery and sent word by her own child to McCallum that a man wanted to see him. When he came she rose from behind a gravestone with a pistol leveled at him. McCallum quickly drew his pistol and fired, killing the woman instantly. There is much excitement.

Bristow Laid to Rest.

NEW YORK, June 26.—Funeral services over the remains of Benjamin H. Bristow, secretary of the treasury in President Grant's second term, were held yesterday in the brick church (Presbyterian), the Rev. Dr. Van Dyke officiating. The pallbearers were: Clarence Seward, Joseph Larocque, Joseph H. Choate, Charles Lanier, Justice Patterson, O. D. Munin, John C. Latham and H. H. Anderson. Among the prominent people who attended were Senator Higgins of Delaware, ex-Mayor A. S. Hewitt, J. Pierpont Morgan, ex-Governor Hoadly of Ohio, Albert H. Stickney and W. B. Hornblower.

SANDUSKY, O., June 26.—Joseph Weber, a barber, died yesterday from the effect of the extraction of a tooth a few days ago. When found he was in a sitting posture on the end of his bed.

His Head Crushed.

MASSILLION, O., June 26.—David Smoker, a farmer residing at Orrville, was instantly killed while unloading hay. The carrier became detached and fell upon him, crushing his head.

Three Shots Fired From a Revenue Cutter Before the Suspected Vessel Would Stop. Nothing Suspicious Found—Another Newspaper Man Expelled From Cuba. Other Cuban War News.

TAMPA, Fla., June 26.—The steamer Commodore cleared yesterday for Charleston. She was instructed not to sail without reporting to Captain Thomas Hanks of the revenue cutter McLane. In the afternoon the Commodore weighed anchor and went down the bay. The McLane signalled twice for her to stop. She did not do it and the McLane fired a blank shot, but got no answer. A second blank was then fired with a like result. A solid shot was then fired and missed the Commodore by about seven feet. She stopped suddenly and was boarded by the revenue men and found all right. She then went down the bay, about five miles and was boarded by two sloops. When about 12 miles away the McLane gave chase and pursued and pursuer have not been heard from since.

The expedition was to leave here last night under Augusto Armas, one of the leaders of the ill-fated Bermuda expedition. The sloop loaded in this city with ammunition and supplies Wednesday night. The men were prevented from boarding her by the vigilance of the Spanish consul. The Commodore was to meet the steamer City of Richmond of the Key West and Miami line, and get a cargo of arms and ammunition. They were to meet about Cape Sable, where the Commodore was also to get a large quantity of arms buried there.

The Richmond left Key West with munitions at 4 o'clock Tuesday morning. Her leaving time was 5, so all regular passengers were left. The steamer met the McLane and Commodore on her way into port and both were making for sea. When the Commodore arrived here she had just returned from Harding, where she landed an expedition she picked up off St. Johns bar, under command of Julian Zaraga, another of the Bermuda leaders. The McLane will probably watch the Commodore and prevent the transfer of the cargo or catch her afterward and return to port.

HAVING THEIR TROUBLES.

A Photographer Detained and a Newspaper Man Expelled From Cuba.

HAVANA, June 26.—A man named Jimenez, said to be a Venezuelan and a companion of Thomas R. Dawley, the American artist who was recently arrested and subsequently released, has been detained on the charge of taking photographs of the defenses composing the military line across the province of Pinar del Rio.

W. W. Gay, a correspondent of The New York World, was notified last night that he had been expelled from the island and must leave Cuba by the first steamer. Gay will leave this city on Saturday.

Williams Settling Up.

WASHINGTON, June 26.—Ramon Williams, ex-United States consul general to Havana, called at the state department yesterday to close up his connection with the government and settle his accounts. He saw Secretary Olney and also had a long interview with Assistant Secretary Rockhill, who is immediately in charge of the consular branch of the service. Mr. Williams will stop in Washington a couple of days, and expects to make a tour of Europe this summer.

HONORING M'KINLEY.

All Arrangements Made For Saturday's Ratification Meeting.

CANTON, O., June 26.—The Cleveland and Canton committees for the McKinley ratification meeting Saturday have decided upon the speakers for the occasion. The program includes Congressman Taylor, Congressman C. H. Grosvenor, President Walcott of the Tippecanoe club, Cleveland; Hon James Hoyt, who was the candidate for the Republican nomination for governor of Ohio and one of the great orators of the west.

The committee has also put Governor McKinley on the program for an address, but it is not thought probable that he will attend the meeting, although he may respond to a call at his home later in the evening.

Telegrams announce that a large delegation from Tuscarawas county, O., will come in special trains to Canton July 3; also, that the Glassworkers' association and other labor unions from Massillon will call on July 1.

Youngstown, O., telegraphed that they would have a special and join in the Cleveland ratification meeting.

The word comes from 500 lawyers from Pittsburgh and Allegheny county will come and shake hands with the nominee of the St. Louis convention next Tuesday, after which they will be the guests of the Canton Outing club at Congress Lake, 10 miles north of the city.

Yesterday's mail brought many more messages of congratulation to Governor McKinley.

WASHINGTON, June 26.—The gold withdrawals yesterday amounted to \$149,400, which leaves the true amount of the gold reserve \$101,940,339.

NOTED CONVICT DYING.

Frank Bruce, a Disgraced Thief, Nearing the End of Life.

JEFFERSONVILLE, Ind., June 26.—Three years ago a handsome trim-looking man of 33 years donned the stripes at the prison south to serve a nine-year sentence. He was Frank Bruce, sent from Terre Haute for cracking the safe of a jewelry store, together with John Henry, who is serving a six-year sentence.

Bruce was one of the most intelligent and dangerous crooks in the Union, and is widely known east and west, but he will do no more jobs, for within a few days he will be dead. He has been failing for over a year now, and it is only his unparalleled nerve which holds him up. It is probable, however, that if he could live and leave the prison, he would be straight, for he has been won over to right thinking by the kindness of a number of ladies, who are members of the Flower mission, and it is believed that he sincerely regrets his former life.

Since he has been in the prison south he made one daring attempt to escape, jumping from a window of the hospital to the roof of a cellhouse, reaching the ground with the aid of a rope. But he was observed by Clarence Patten, son of the warden, who gave the alarm and soon recaptured him. Next he planned an outbreak, but this was nipped in the bud.

ADVICE TO G. A. R. POSTS.

Commander-in-Chief Walker and the Com. Ing Encampment.

INDIANAPOLIS, June 26.—General Order No. 11, issued by Commander-in-chief I. N. Walker of the G. A. R., gives additional information for the use of the posts. It urges department commanders to ascertain at once the number of comrades that will attend the national encampment at St. Paul, on Sept. 2, 3 and 4. This information should be sent to C. W. Horr, chairman accommodation committee, St. Paul.

The Western Passenger association and the Central Traffic association have named a one cent a mile rate for their territory. The half fare rate east of Buffalo will be equivalent to about one cent a mile. The Southern Passenger association has named a half fare rate and from the Pacific coast the rate will be half fare. All tickets will be limited.

The President Returns.

WASHINGTON, June 26.—President Cleveland and Secretary Carlisle returned to Washington yesterday from their trip down the Potomac. Commander Lamberton of the navy, also a member of the lighthouse board, and Dr. O'Reilly were the other members of the party. They were gone three days and a half. Members of the party say they had a delightful outing and that both the president and Secretary Carlisle were much invigorated by the trip. The fishing was all done in the Chesapeake and very fair sport was had, the party making a good catch of salt water fish.

Suicided in Jail.

GOSHEN, Ind., June 26.—Milton Wells, aged 45, suicided in the jail here yesterday by hanging himself with the bedclothes. Wells murdered Jennie Winters at Elkhart last week. He shot her three times and then threw kerosene over her and set fire to her. Death ensued after an ante-mortem statement had been made by her. Lynching threats necessitated the removal of Wells to this city. Wells was in love with the girl, who he heard intended marrying another.

Chinch Bugs in the Corn.

DOOLITTLE'S MILLS, Ind., June 26.—The farmers are much disheartened because of the ravages of chinch bugs on the growing corn, the only crop left of which there was any hope. Wheat has been reduced to less than one-third of a crop, the oats are ruined, while the cornfields are literally covered with the dreaded pests. In some fields they are reported to be an inch deep on the ground.

Families Driven Out by Water.

LAPORTE, Ind., June 26.—Reliable reports received here state that a large number of families are leaving the Kankakee valley, owing to the recent heavy rains, which have flooded that region. A colony was established in Jasper county, on land that was reclaimed by drainage, but the unprecedented rains have brought blight and disaster, and families are seeking other homes.

Supposed Victim Still Alive.

ANDERSON, Ind., June 26.—Clem Kynett, who was reported to have been murdered and thrown in White river yesterday, came in from Indianapolis just as preparations were making to drag the river. Otto Turner, under suspicion of the murder, was then released from jail. Kynett had been at Cincinnati and Indianapolis.

A New Oil Field Found.

PORTLAND, Ind., June 26.—The Chaney oil well, in the new field north of Bryant, was shot Wednesday and promises to be one of the best in the field. It started off at a rate of 200 barrels daily. This is a new territory, and the find has caused a rush among operators. A number of wells will go down immediately.

CINCINNATI, June 26.—Ben Brush won the derby at the Latonia race track yesterday afternoon, one mile and a half, in 2:40 1-2; Ben Eder second, Leki third. The net value of the stake was \$12,200.

ENGLAND'S REQUEST

She Needs Help With Her Venezuelan Affairs.

SECRETARY OLNEY'S AID ASKED.

The Friendly Intervention of the United States Asked to Secure the Release of Surveyor Harrison, Now Under Arrest in Venezuela—No Prospect of a War as a Great Mistake Has Probably Been Made.

WASHINGTON, June 26.—Secretary Olney received calls yesterday from Sir Julian Pauncefote, the British ambassador, and Minister Andrade of Venezuela, with both of whom he conferred, separately, concerning the arrest by Venezuelan troops of the British Crown Surveyor Harrison, on the British-Venezuelan boundary.

It is understood that Sir Julian, acting under instructions from the British foreign office, requested the friendly intervention of the United States towards securing the release of Harrison, as was done by the British authorities in behalf of the American, John Hays Hammond, during the Transvaal uprising. It is understood meantime that there shall be no advance on either side until the case can be settled soberly on its merits.

The interview between Secretary Olney and Sir Julian lasted half an hour and on neither side was there any disposition to make public anything as to its nature. There is reason to believe, however, that a solution of the present difficulty is expected within two or three days.

NO DANGER OF WAR.

Irresponsible Agents Caused the Arrest of Surveyor Harrison.

LONDON, June 26.—The latest advices from Georgetown, British Guiana, are of a more reassuring nature. Although no serious trouble is anticipated, it is safe to say that the British government will not allow the arrest of Mr. Harrison to pass without notice. It is possible that a remonstrance of a most emphatic nature will be made to the government of Venezuela.

A high authority upon the Venezuelan question, in an interview upon the situation, expressed the opinion that in spite of the serious aspect which the dispute has on more assumed, it was not likely that offensive measures partaking of the nature of a war would be necessary, as it was the opinion of those best qualified to judge that the arrest of the crown surveyor was not the direct act of the government of Venezuela but was due to the hasty and irresponsible act of some local agents acting under a misapprehension, and that when proper representations are made to the government at Caracas the latter will apologize.

MAY GET A NEW TRIAL.

Serious Charges Made Against the Foreman of the Walling Jury.

CINCINNATI, June 26.—Pearl Bryan's murder was again revived in the Campbell county courthouse in Newport yesterday by Colonel Washington, Walling's attorney, arguing for a new trial for his client. One of the reasons for a new trial is the incompetency of Juror Ware.

The affidavit of Joseph Graziana of Cold Spring, Ky., was filed, the affidavit stating that Juror James I. Ware, foreman of the Walling jury, after being summoned as a juror in the Walling case, had stated that he had visited Mr. and Mrs. Bryan, parents of the murdered girl, and that he believed both Jackson and Walling were guilty and both ought to hang.

Benjamin Bowman's affidavit stated that he knew Juror Ware, and that during the Jackson case he made the public statement that he thought both Jackson and Walling guilty and thought both ought to hang.

"This is a serious matter," said Judge Helm, "and I want the report of the examination of Mr. Ware. I think it best to have Mr. Ware and all those who heard him make these alleged remarks brought into court Monday morning."

Foreman Ware will undergo a most rigid investigation and should Judge Helm be assured beyond a doubt that he was an improper juror to try the case, Walling will undoubtedly get a new trial.

As the witnesses on the motion for a new trial will appear Monday it is more than probable that Judge Helm will reach a decision immediately after, or Tuesday or Wednesday following.

Youthful Train Wreckers Arrested.

CHATTANOOGA, June 26.—Yesterday afternoon the police arrested 10 young negroes on the charge of train wrecking. They are charged with having caused several wrecks in the local yards of the North Carolina and St. Louis railway. The boys are said to have accomplished their work by throwing the switch, and serious danger has resulted. They were caught in the act of wrecking a train yesterday and jailed. Ned Wedlock, one of the boy train wreckers, was shot while trying to escape from the police.

"History will record that Grover Cleveland maintained the credit and honor of the Nation against the most formidable assaults, and this grand act will stand forever to his credit," truthfully says the New Orleans Picayune.

THE Ledger remarks that a party that is dominated by such men as Altgeld in Illinois doesn't deserve to win. Well, what about a party that is dominated by such men as George B. Cox, who is the great mogul of the Ohio Republicans, and by the sweet-scented Quay of Pennsylvania?

EX-MAYSVILLIAN IN CUBA.

Mr. William Ryan Has a Talk With General Maceo, the Revolutionary Leader.

[Enquirer correspondence.]

WASHINGTON, June 24, 1896.—Mr. William Ryan, Collector of Internal Revenue at Richmond, Va., who has been paying a visit to Consul General Fitzhugh Lee, in Havana, arrived here this morning, having landed in New York yesterday from the Ward Line Steamship Yumuri. Mr. Ryan left his hotel early and proceeded to the White House and the State Department, where he delivered personal letters from General Lee for the President and Secretary Olney.

Mr. Ryan had not returned to the hotel late this afternoon, but it is known that an interview with him, published in the New York World this morning, contains correct statements of his experiences in Cuba. Mr. Ryan said that General Lee was completing his report on the conditions in Cuba, and would mail it to Washington to-day. He also said he had a personal interview with General Antonio Maceo, the Cuban leader, in Havana. Maceo was disguised as a poor peasant.

"I saw General Maceo," said Mr. Ryan, according to the World. "I had a long talk with him. Yes, I told General Lee all about it, and he knows what Maceo told me."

Mr. Ryan was asked whether he asked General Maceo if he was in favor of annexation of Cuba.

"I did mention this to him," said Mr. Ryan. "His reply was: 'I am a soldier. I am here to make war. I am going to continue to fight Spain until Cuba shall be free. I know nothing about diplomatic relations.'"

During the interview General Maceo was surrounded by three of his commanders, who had accompanied him to Havana.

"I think he came to Havana to see some of the leaders of the revolutionary party," said Mr. Ryan. "He was awaiting news from the United States. He said that he hoped the United States would recognize the Cubans as belligerents."

"Our only hope lies in the action that may be taken by your country," is what General Maceo told Mr. Ryan.

Said Mr. Ryan: "General Lee is confident that he is going to do something that will satisfy everybody. The Cubans and the American people in Cuba have the greatest confidence in him, or in the 'General Americana,' as they call him."

DEALT IN WHEAT MARGINS,

With the Usual Result—Downfall of a Prominent Brown County Farmer.

A special from Georgetown, O., thus tells of the downfall of a prominent farmer.

Samuel Cochran, one of Brown County's best-known and wealthiest citizens, has mysteriously departed, leaving behind him an indebtedness running way up in the thousands.

For several years he has been dealing in wheat margins in Cincinnati, and his failure is directly attributable to that. Last Tuesday a week ago he left home for Cincinnati, borrowing several hundred dollars just before leaving. On Monday of this week his wife received a letter from him dated at Cincinnati, in which he stated that he had met with severe financial reverses; that he had barely enough money to reach St. Louis, and that he would in all probability never return.

Only a few years ago his father, Joseph Cochran, one of Brown County's wealthiest citizens, died, Sam's share of his father's estate amounting to about \$30,000. Sam and his brother, Robert Cochran, were named as executors of their father's estate, giving a \$100,000 bond.

Snits aggregating about \$10,000 have been filed against Samuel Cochran by the bank of Georgetown and other parties interested. His distributive share of his father's estate yet remaining in his brother Robert's hands has been garnished and an attachment issued against his farm of about 470 acres in Lewis Township.

His wife is in almost a distracted condition.

Friday's Cash Sale

On last Friday we offered all our 8½ and 10 cent DIMITIES from 9 to 11 a. m. for 5 cents the yard, and from the way you all purchased you seemed to appreciate the bargain. This Friday we will offer all day our 12½, 15 and 18 cent DIMITIES and Organdy Lawns at 10 cents the yard, which talks with no uncertain sound. There's a money-saving argument in every yard of these lots. These airy printed Lawns and DIMITIES are true hot-weather comforts—just the thing for the days when, as Sydney Smith says, you long to "take off" your flesh and sit in your bones." We have about fifty styles from which to select, all new, pretty designs, among them the new linen effects. Bring samples for comparison—comparing without buying shouldn't injure any one—it's buying without comparing that causes sorrow. Compare what you see here with what you see anywhere.

NOVEL "TURNPIKE" SCHEME.

Ohio State Road Commission Recommends a New Departure.

Ohio has advanced a new idea for county roads which is meeting with much favorable attention.

It is practically a steel track for smooth running of wagon wheels.

The road as planned consists of two rails made of steel, having the thickness of boiler plate, each formed in the shape of a gutter, five inches wide at the bottom, with the sides sloping outward about one and one-half inches.

The tracks will be placed at the proper distance apart and the low, sloping sides of the track would make it easy for the wheels to enter or leave it. Such a double track steel road, sixteen feet wide, filled in between with broken stone, macadam size, it is estimated, would cost about \$6,000 as against \$7,000 per mile for a macadam roadbed of the same width, but the cost of a rural one-track steel road, it is estimated, would be only about \$2,000 per mile.

It is claimed that a road of the description named would last much longer than stone, and that one horse will draw on a steel track twenty times as much as on a dirt road, and five times as much as on macadam.

Castoria.

"Castoria is an excellent medicine for children. Mothers have repeatedly told me of its good effect upon their children."

Dr. C. C. Osmond,
Lowell, Mass.

"Castoria is the best remedy for children of which I am acquainted. I hope the day is not far distant when mothers will consider the real interest of their children, and use Castoria instead of the various quack nostrums which are destroying their loved ones, by forcing opium, morphine, soothing syrup and other hurtful agents down their throats, thereby sending them to premature graves."

Dr. J. F. Kinchloe,
Covington, Ark.

The Centaur Company, 77 Murray Street, New York City.

Castoria.

"Castoria is so well adapted to children that I recommend it as superior to any prescription known to me."

H. A. Archer, M. D.,
111 So. Oxford St., Brooklyn, N. Y.

"Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular products, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

BASE BALL GOSSIP.

Maysville Team Stronger Than the Crack '95 Club—Coming Games at Local Park

The Maysvilles of 1895 were the champion amateurs of the country. They proved on several occasions that they were the equals of some of the big leaguers. They downed the Reds twice, and the Senators once and played the latter team another game that went to their opponents by only one run.

This year's team is stronger in the box and stronger behind the plate than our 1895 club, and is also regarded as stronger at all other points. It takes hitting to win a game, and that's what the boys have been doing.

It remains, however, to be seen how they will fare when they meet the Reds here on July 17th. The Cincinnati are much stronger than they were a year ago, and it takes fine work to down them. The Maysvilles will try their best on the 17th. The game will no doubt attract big crowds from all the surrounding country.

Base ball fever is on the increase. Paris, Mt. Sterling, Lexington and Flemingsburg are organizing teams.

Leever and Kellner, one of Maysville's crack batteries, will help the Portsmouths out in a game against Ironton to-day.

Post: "The Reds are going to Maysville on July 17, and the Blue Grass 'Champs' promise them a good time and a hot game."

Flemingsburg has raised the required subscription list, and will organize a team with some players from Louisville to fill out the club.

The rainy weather was responsible largely for the small turn out this week, but the attendance is not what it ought to be, and what the team deserves. Let's do better hereafter.

The Knoxville have always given the Maysvilles more trouble than any team the boys have met. Maysville people have long wanted to see the Tennesseans on the local diamond and the games on July 8th, 9th, 10th and 11th ought to draw big crowds.

Enquirer: "It looks like the old rivalry between Maysville and Cincinnati would begin again this season. The Reds have been engaged to play the Maysvilles at Maysville July 17. B. T. Cox has assumed the management of this crack semi-professional team for the season of '96."

Portsmouth Blade: "The Portsmouth team had an argument with the Maysvilles at the latter's town Tuesday and when the debate closed it didn't need a motion to make it unanimous. The boys couldn't find a solution of Lever's nasty curves and the four hits they got in the course of the game didn't net them a run."

Portsmouth Blade: "What keeps up the club at Maysville? Well, it isn't the crowds—206 people in two days wouldn't be good attendance for Lucasville. The club is kept up by about three men with sporting blood in their veins—they go down in their pockets and make good the deficit."

Don't forget the bicycle races at the fair grounds to-morrow.

Mr. R. G. Willett, for years with the St. Charles, will shortly open a grocery and saloon in the business house lately occupied by Mr. James Maher, on Market street, near Third. The house is receiving an overhauling, and will be repainted and repapered.

A woman never really knows the meaning of happiness and content until she is the mother of a healthy, happy child. The health of the child depends on the health of the mother, both before and after birth. Most of all woman's weakness and particularly the weakness that most strongly influences the health of children, comes from some derangement or disease of the distinctly feminine organs. Dr. Pierce's Favorite Prescription will cure troubles of this nature. It should be taken regularly by every woman during the entire period of gestation. It gives strength to all the organs involved, lessens the pains of childbirth and insures the health of both mother and child.

Gladness Comes

With a better understanding of the transient nature of the many physical ills which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only, and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, then laxatives or other remedies are not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, then one should have the best, and with the well-informed everywhere, Syrup of Figs stands highest and is most largely used and gives most general satisfaction.
